return all movable assets leased from ABF, a.s. in an undamaged condition.

The companies are obliged to order a container for waste arising during the stand disassembly. A container order can be made in advance sending the filled in order form (see the Order Catalogue) or directly at the exhibition centre, at the technical dispatcher's centre (registration). The use of these higher walls for the company's own advertising purposes is inadmissible - if they are used this way, the company will be forced to remove the advertising items and to process the walls in a graphically neutral way at its own expense. Any advertising eye catchers exceeding the height of 250 cm must be placed by the company at a distance of least 1.5 m from the neighbouring stands.

The contours of the exhibition stand must not exceed the contours of the exhibition area leased, not even above the level of the ceiling structure of the stand. Any possible excess of the collar or eye-catcher of the stand into the aisle is permitted after a written approval by ABF, a.s.

The stand must not touch the structure, walls or roof of the exhibition halls with any parts and the distance of its rear wall from the hall wall must not be less than 1m. The highest point of the stand must be situated at least 70 cm from the ceiling structure.

Storage of any material in technical aisles (especially behind the rear wall of the stand) is inadmissible for safety, fire and operational reasons. Storage of packages, including their removal and return delivery to the stand can be ordered from the contractual forwarding company.

CONNECTION LINES: Assembly power supply (230 V) will be available from the day of permitted assembly of stands (see point 1), in several places in the halls or in the Centre, in the sites of the assembly connection line. **For this reason please ensure your own extension cables - approx. 50m.**

ADDITIONAL ORDERS OF SERVICES: Any changes concerning orders of technical services, erection or equipment of stands required by the exhibitor, additionally after the assembly commencement deadline, will only be managed after fulfilment of properly ordered work and services towards the other exhibitors. These additional orders of work and services may be subject to a surcharge of up to 100% of the price calculated by ABF, a.s. The payment shall be made by the exhibitors in cash at the Exhibition Centre.

7. SECURITY SERVICE AND INSURANCE

In course of the assembly, Trade Fair days and disassembly the organiser ensures basic security and order services in the Exhibition Centre. The security service of the Centre is authorised to check, in a random way, all vehicles on the entry into and exit from the Centre and visible identification of persons authorising to stay in the Exhibition Centre. Within the meaning of the General Terms and Conditions for Participation in the ABF, a.s. Trade Fairs, the organiser is not responsible at the Centre towards Exhibitors or their Co-exhibitors for any loss, destruction or any damage to exhibits, equipment and outfit of the stands, goods, packages, packaging materials, regardless of the fact whether the loss, destruction or other damage arose during assembly, transport or in course of the Trade Fair.

The Exhibitor is obliged to have all exhibits and above mentioned materials, both its own and those of its Co-exhibitors, insured for all the time of their presence in the Exhibition Centre, against all risks which can be considered for the Exhibitor's assets. The insurance can be arranged for in advance also directly in the Exhibition Centre area (the information is available from the registration office of ABF, a.s. in Entrance Hall I.). The insurance agenda and management are entrusted to **Total Brokers**, a.s., an insurance broker company whose representative you can find during assembly and on the first day of the Trade Fair in Entrance Hall II. on the following days:

8. MUSIC PRODUCTION

On the basis of the Act no. 121/2000 Coll., on Copyright and Rights Related to Copyright, all propagation of music as well as verbal works with the public access is subject to royalties. The provisions of this Act apply to all persons who use, during their business activities, shots of performing actors and producers of audio and audio-video recordings with the help of technical equipment (radio, television, CD, mini tower, etc.) and organise live music productions. All of them are obliged, in virtue of the law, to ask copyright protection organisations for permission before commencement of such activities and to pay appropriate remuneration to them. Text authors, composers and music publishers are represented and permissions are granted by OSA. Performing actors, recording producers (CD, DVD) are represented and permissions are granted by Intergram.

We draw the exhibitors' attention to the fact that if they have any live music performance or reproduced music at their expositions, they are obliged to respect provisions of the above cited Act and still before the beginning of the trade fair to report production to the copyright administrators - OSA and INTERGRAM, and to pay the author's remuneration. For more detailed information please see www.osa.cz and www.intergram.cz. If the exhibitor fails to do so, the trade fair organiser, ABF, a.s., forbids operation of any music production in contradiction with the above mentioned rules.

If the above mentioned reporting obligations and the registration conditions are met, it is only permitted to run audio video, acoustic, music, dancing and other productions for the time of max. 8 minutes per hour provided that the other exhibitors are not disturbed by the operation of these means. If these conditions are not met, the exhibitor will be fined CZK 5,000 and in case of a repeated breach the operation of all production will be forbidden to that exhibitor.
