SMART HOSPITALITY

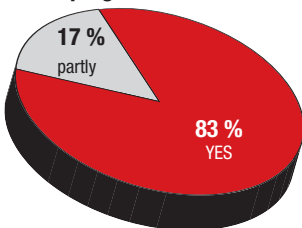

The FOR GASTRO & HOTEL 2017 CONGRESS was held on 6th of October 2017 and was focused on owners, managers and executive staff members of hotels, restaurants, cafés, pensions and other accommodation and catering operations.

The main topic of the all-day congress was **Smart Hospitality** and the programme included lectures, a panel debate, case study, cooking show and bartender show. On the stage it was possible to see performances of domestic and foreign stars from the field of gastronomy and hospitality, as well as managers of key firms in the sector. This was the first edition of the congress, which thus established a tradition of the most important specialised event for professionals from the field of hospitality on the Czech market.

Composition of congress participants

Satisfaction of congress participants with the programme

The FOR GASTRO & HOTEL 2017 Trade Fair was extended again with interesting products, manufacturers as well as suppliers for the HoReCa segment. It registered a growth in terms of both the exhibition area and the number of exhibitors in comparison to previous editions of the event.

The FOR GASTRO & HOTEL Trade Fair was held simultaneously with the autumn Trade Fair for Furniture, Interiors and Home Accessories FOR INTERIOR and STREET FOOD MARKET, which introduced exotic cuisines from all over the world on the outdoor area.

The trade fairs were visited altogether by **29,742 persons**.

The trade fair achieves its leadership among the most important events of its type organised in the Czech Republic. The trade fair offered an integrated overview of products as well as services from manufacturers and suppliers in the sector of gastronomy and hotel services. An integral part of the trade fair was the first edition of the professional FOR GASTRO & HOTEL CONGRESS intended for professionals only. The partner of the trade fair is ČEZ Group.
