OFFICIAL CARS:

„The Czech Ford is a proud titular partner of ABF a.s. and as such it has a possibility of presenting its cars at all large events held in the areas of the PVA EXPO PRAGUE. We are very glad to use this privilege because we have already verified that both trade fair visitors and exhibiting firms are very interested in our models during individual trade fair events. For this reason we try to present especially our latest news suitable for business purposes as well as for private and family use to our potential customers. Moreover, these cars are always equipped with modern technologies – and even in this area we can see suitable harmony with the exhibitions held at PVA EXPO PRAGUE. For this reason we consider the cooperation with the ABF company to be ideal symbiosis in which we want to continue, of course.“

Libor Beneš, Marketing Manager,
FORD MOTOR COMPANY, s.r.o.

Opening ceremony

The ceremonial opening of the set of spring trade fairs for living, design and gardens was held on 23 March 2017 in the Congress Hall of the PVA EXPO PRAGUE with participation of **Karla Šlechtová**, Minister for Regional Development; **Jiří Koliba**, Deputy Minister of Industry and Trade; **Jan Wolf**, Member of the Prague City Council; **Vlastimil Pícek**, Vice President of the Union of Towns and Municipalities of the Czech Republic; **Pavel Sehnal**, Chairman of the Board of Directors of ABF, a.s.; and **Tomáš Kotrč**, Chief Executive Officer of ABF, a.s.

Gala Evening Party

The second evening of the trade fair events belonged to the ceremonial gala evening party which took place in the DCS CLUB in the atmosphere of a Hawaiian night. The initial ceremony was followed by announcement of results of the GRAND PRIX and TOP EXPO professional competitions. Then the participants could enjoy a buffet party and a programme with thematic competitions and presentation of Brazilian dances. At the end of the evening the guests could take part in an auction of interesting prizes by using tokens which they won during the evening in various competitions.

PROFESSIONAL COOPERATION:

The traditional FOR HABITAT Trade Fair started the spring trade fair season of exhibitions focused on living and confirmed that it is an ideal opportunity for getting oneself familiar, simultaneously in one place, with the news and trends in the sector. The structure of this trade fair is regularly formed of fixed building and interior elements, family swimming pools, roofing of terraces. The exhibitors used the opportunity of showing that they always have a lot of innovations to offer and enrich the existing product range, and also that they are not afraid of investing in more extensive and sophisticated designs of their presentations.

The FOR HABITAT Trade Fair was situated in the Hall 3, together with the event known as BYDLENÍ, NOVÉ PROJEKTY (Living, New Projects), and thus the construction sector was presented together with an offer of development companies. Customers could use free-of-charge advisory services and find an interesting inspiration for their construction or renovation. This year the trade fair offered all what a trade fair of this extent should provide – a wide range of high-quality exhibitors, promotion as well as a large number of visitors.

GRAND PRIX

COMPETITION FOR THE BEST PRODUCT

The Expert Jury at the FOR HABITAT Trade Fair selected exhibits fulfilling demanding criteria of this competition.

FOR GARDEN

Number of exhibitors: 165 / Net exhibition area: 4 450 m²

The FOR GARDEN Trade Fair was visited by a record-breaking number of 35,384 visitors this year. Not only was the Exhibition Hall 1 prepared for presentation of firms, but also the entire outdoor area was full of beautiful exhibits.

Also this year the trade fair offered excellent opportunities for meetings of both the professional and general public interested in all garden specialisations. At present it is already possible to state with pride that it is the largest garden trade fair in the Czech Republic focused on garden as a whole and covering the entire range of garden sectors.

DESIGN SHAKER

The sixth edition of the selective overview of the interior design presented the most progressive Czech as well as foreign brands and studios. Several dozens of firms from the Czech Republic and abroad presented their products and services at the trade fair.

MAIN INTENT OF THE TRADE FAIR | To present the studios and designers, whose work brings invention in the interior design world and guarantees a high quality of the trade fair. Design Shaker is exceptional especially due to the fact that it is a selective overview of design, to which architects, designers and businesspersons are invited in a targeted manner, and at the same time it is organised within the framework of large trade fairs for a very wide group of visitors. The people coming to the spring trade fairs for living have particular interests and needs. They are professionals or those who build or equip a house. We present a high-quality design to these visitors: focused not only on products but also on services of architectonic and designer studios.

TRADE FAIR SECTIONS | Design Shaker is traditionally divided into sections focused on closely cooperating professions. The thematic section entitled Big Deal presented a selection of established Czech manufacturers and distributors of the best-known foreign brands. In the Fresh Space section it was possible to see a young generation of designers who still study or started to create under their own brands. Professional services of interior architects and designers were not missing there either.

GRAND PRIX

COMPETITION FOR THE BEST PRODUCT

1st place

Dominik Trusina – TRUSELLA for DNA Tabouret MINI

A simple but very sophisticated lightening of the seat created an interesting structure of the pedestal. But still the structure is safe and firm.

2nd place

Vilém Duchoň – Production of upholstered furniture for SIT&SLEEP

The Jury appreciated simplicity and proportional design of the sofa and modular concept of support pillows.

3rd place

Benlemi – Michal Pomp for the Happy house Bed + Extended Foots + Drawer 2in1

The environment-friendly design of the material, including surface finishing, as well as support of children's inspiration in playing were appreciated

GRAND PRIX

HONOURABLE MENTION

Martin Foret for Heart

A simple structure is supported by both artistic and static components.

TOP EXPO

The prestigious award in the competition for the most impressive exposition "TOP EXPO" was granted to the furniture manufacturing company JELÍNEK - výroba nábytku s.r.o. for a minimalist design.

LIGHT IN ARCHITECTURE

Number of exhibitors: 34 / Net exhibition area: 555 m²

The 5th Specialised Exhibition of Lighting, Design and Accessories known as "Light in Architecture" has become a part of the spring set of living trade fairs held at the PVA EXPO PRAGUE this year. It was organised in Hall 6 and it again confirmed that this unique project has its stable place among trade fair events in the Czech Republic.

There were presented 34 companies – important Czech as well as world brands from the field of production and design of lighting fittings and illumination technology. Within the framework of the unique Czechoslovak design of lighting fittings the students of the Industrial Design Atelier of the Academy of Fine Arts and Design in Bratislava and Tomas Bata University in Zlín presented their works. The project arose in cooperation with the Slovak representation of the Artemide brand. Visitors were interested in students' works not only due to professional designs of lighting fittings with an excellent design and functionality, but also thanks to the original implementation of the exposition.

ACCOMPANYING PROGRAMME:

Thursday 23 March – Session of specialised lectures

Topics: Colour of light, Chromaticity temperature, Parameters of lighting fittings and lighting sources, Selection of a suitable lighting system and material, Visualisation and calculations, Maintenance - possibilities, Brightness analysis, Verification, Measurement, Light in legislation, What cannot be included in regulations anymore.

Friday 24 March – Specialised lectures

Topics: Lighting of flats, Capacity and temperature of chromaticity of a light guide system, This year's news from abroad, Architecture lighting design and Future of daytime lighting.

COMPETITION FOR THE BEST EXHIBIT

Altogether 3 awards were granted to the following companies:

ARTEMIDE-SELENE for the light EGGBOARD (1)

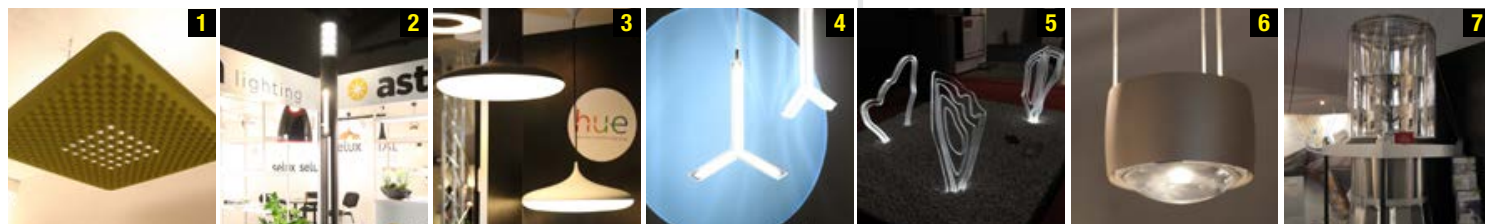

The light combines lighting and acoustic functions. The LED sources enable an individual change in the light flux distribution. The light design emphasises its acoustic characteristics.

ASTRA Lighting s.r.o. for the LIF light (manufacturer: SELUX) (2)

In spite of the comprehensive nature of the functions offered, the shaping of the light is lapidary. This element of the street furniture enables implementation of both modern lighting means and the so-called SMART technologies. An interesting feature is especially the modular design and possibility of data and capacity connectivity.

LEDKO a.s. for the collection of lights known as CHER HUE (manufacturer: PHILIPS) (3)

The CHER collection of lights presents a set of lights of a classical timeless design, with the existing LED sources, with perfect craft processing, the lights are of both suspension and built-up types.

Besides the above, 2 Honourable Mentions were granted:

To C.G.T. s.r.o. for the YZI light prototype (4)

The YZI light prototype features simple shaping which offers, at multiplication of individual suspension modules, creation of individual light objects of different sizes according to the interior characteristics.

To the College of Fine Arts for its exposition of lighting fittings (5)

Summary of innovative author's designs of lighting fittings implemented by students in cooperation with ARTEMIDE. The visitors were mainly interested in the collection of garden lights with an original principle of use of the solar energy. The lighting object GALASSIA attracted the visitors' attention with its shaping and the table light Op_01 was admired for its multifunction requirements concerning the change of the shape with the use of both direct and indirect light flux.

GRAND PRIX

Altogether 3 prizes were awarded in this competition for the best product.

1st place

Occhio store Prague for the lighting fitting Sento Sospeso (6)

User-simple and elegant lighting of the working area.

2nd place

ARTEMIDE-SELENE for the lighting fitting EGGBOARD (1)

It combines lighting and acoustic functions and offers a possibility of several types of lighting sources.

3rd place

WT-WINDOWS TOMORROW s.r.o. for the light guide system

SkyVault M74 (7)

The light guide system illuminates the interiors without any demands for electrical energy, furthermore it is very elegant.

TOP EXPO

The TOP EXPO Award received exposition of the company

PROLICHT CZECH s.r.o. for the best architectural design.

BYDLENÍ, NOVÉ PROJEKTY

Number of exhibitors: 39 / Net exhibition area: 574 m²

For the term of its existence the BYDLENÍ, NOVÉ PROJEKTY (Living, New Projects) exhibition has become an integral part of the advertising presentation on the real property market and is the most sought-for overview of new projects of living especially in Prague and the surroundings. The specialised exhibition is focused on developers, complete portfolio of development projects, real estate offices and financial institutions.

This year's edition was again attended by leading Czech players from the number of development companies, which are for example SKANSKA, Pražská správa nemovitostí, Trigema, JRD, YIT, Moravská Stavební - Invest, Real Treuhand, Ekospol and others. The event was organised under the auspices of the Ministry of Industry and Trade, Ministry for Regional Development of the Czech Republic, Union of Towns and Municipalities of the Czech Republic, Czech Chamber of Commerce and Czech Technical University in Prague. The professional partner of the exhibition was already traditionally the Association of Real Estate Offices.

accompanying programme

Within the framework of the accompanying programme there were held already several lectures. The first day offered a discussion panel of the Union of Towns and Municipalities of the Czech Republic focused on the topic of social and seniors' barrier-free living, which was attended by interesting speakers. In the first part dedicated to legislation it was possible to listen to the speeches provided by Marcela Pavlová, Deputy Minister for Regional Development entrusted with management of the Building Law Section; Jiří Klíma, Director of the Living Policy Department of the Ministry for Regional Development; and Jan Bezděk, Chairman of the Dívčí Hrad Town Council. In the second block focused on the barrier-free facilities in communities it was possible to take part in discussions of Dagmar Lanzová, Chairwoman of the Assessment Jury of the Czech National Disability Council; Marie Málková, Coordinator of the "Across Barriers Project" from the Prague Organisation of Wheelchair Users and Petr Hazuza from the "Barriers Account". As far as the offers of the accompanying programme are concerned, the lecture of the State Environmental Fund of the Czech Republic was frequently visited, as its representatives provided the listeners, who were present there, with various information regarding detailed possibilities of subsidy programmes suitable for those who plan to construct or renovate. They advised the visitors what subsidy programmes they can currently use. The lecture focused on the topic "How to purchase and how to sell a house or flat" was very interesting for listeners as well, it was also prepared by the ESTAV.CZ portal.
