For us, a whole new field naturally fits in between existing fairs, and the satisfaction of visitors and exhibitors is challenge for the next years.

Thank you once again and we are looking forward to meeting the preparations for next year's set of trade fairs FOR FAMILY which will take place on **4th–7th. April 2019.**

PARTNER

Even the fair can help a good cause, and it should be just walking on the exhibition grounds. With the EPP Mobile Help application, users can gather their points through their energy and activity, and then devote them to one of the currently offered projects of nonprofit organizations, schools, or municipalities. The accrued points will then transform the CEZ Foundation into financial support to support the projects. EPPka has over 350,000 users in less than three years of its existence, who managed to support 725 projects.
