### Article 1. Characteristics of the GRAND PRIX competition

1. The organiser of the competition for the best exhibit/technology (hereinafter referred to as "the exhibit") known as GRAND PRIX is ABF, a.s., the organiser of the trade fairs. The exhibits will be presented by exhibitors at their respective stands throughout the duration of the 2019 FOR ARCH trade fair in PVA EXPO PRAGUE.
2. The GRAND PRIX award of the FOR ARCH 2019 Trade Fair can be granted to those exhibits that bring progress in the production base of civil engineering, architecture, building technologies and in such fields as heating, alternative energy resources, air handling systems, wood buildings, swimming pool technologies, swimming pools and saunas, waste handling, recycling, cleaning and ecology. With their parameters, the exhibits shall be comparable with the top level of the world or shall determine the development trends in their sector.

### Article 2. Application for registration in the GRAND PRIX competition

1. The applicant shall deliver the application form with technical characteristics of the exhibit with decisive parameters and the below listed documentation no later than by 15 August 2019:
  - a) Valid declaration of conformity according to applicable legislation, documents of quality and eligibility of the exhibit or materials used; evaluation by testing laboratories, certificates.
  - b) High-quality photographs in an electronic form in jpg, min. 1 item
  - c) Folder in an electronic form (in PDF) or printed
2. The applicant confirms, by sending the picture/photograph that the publishing will not infringe any copyright or other rights or authorised interests of third parties in an unauthorised way. The applicant grants to ABF, a.s., Company Reg. No. 63080575, a non-exclusive licence to use the picture /photograph to all manners of their use, in an unlimited extent and with the right to provide a sublicense. The licence is provided for the territory of the Czech Republic, for the term of property copyright and without any quantitative limitation. Within the framework of the use of the picture/photograph, ABF, a.s. is authorised to use them as a whole or in a part, not only in their original form but also in a modified form, in combination of other author works as well as with a text, picture, photograph, image record or audio recording. In case that the use of the picture/photograph infringes any rights of third parties, the applicant undertakes to indemnify any claims of third persons arising on the basis of such infringement.
3. The seller or dealer which is the trade fair exhibitor can register a product in the competition in place of its manufacturer, subject to the manufacturer's consent.
4. If the valid documentation is not delivered, the product cannot be assessed by the Expert Jury, and for this reason it cannot be nominated for the GRAND PRIX award either.
5. The applicant is obliged to ensure a high-quality presentation and demonstration of the exhibit to the Expert Jury at their own exhibition stand, in the course of the first day of the trade fair - 18 September 2019.

### Article 3. Presentation of the exhibits registered

1. The exhibits registered will be presented on the event web site, they will be automatically inserted among the INNOVATIONS presented in the Trade Fair Guide. The list of the exhibits registered will be printed in the Trade Fair Catalogue.
2. The background materials to the exhibits registered will be used for the PR needs of the trade fairs and will be handed over to journalists registered in the Press Centre of the trade fairs.
3. The exhibits registered must be exhibited at the respective stands of the applicants throughout the duration of the 2019 FOR ARCH trade fair, and they will be marked with labels supplied by the competition organiser. The exhibits awarded will be marked on the next day after announcement of the competition results.

4. The organiser guarantees publishing of the competition results by way of a Press Release, on the web sites of the trade fairs and within the framework of the PR events after the trade fairs.

### Article 4. Assessment criteria

1. The assessment criteria are technical design, progressive technology, untraditional idea, extraordinary quality at an affordable price, environmental aspects, chemical and biological harmlessness, energy consumption efficiency and general properties characterising a friendly relation to the environment.
2. Five GRAND PRIX awards without a specific order will be granted by the jury, as well as honorable mentions.
3. The GRAND PRIX award of the FOR ARCH Trade Fair can be awarded to a registered exhibit only once.

### Article 5. Assessing Jury

1. The Jury consists of professionals in the branches in question. The members of the Jury are independent persons; they are not in a labour-law relation with the trade fair organiser's company. The Assessing Jury works under the leadership of its Chairperson. The competition secretary is in a labour-law relation with the trade fair organiser's company.
2. The Jury assesses the parameters of products/technologies on the basis of the timely delivered documentation (attestations, certificates, catalogue sheets, folders, specialised documentation, price lists, etc.). Directly at the trade fair, the Jury further verifies fulfilment of the criteria and visual aspects of the exhibits. The Jury has the right, during the assessment process, to require additional information about the exhibit assessed from the exhibitor as well as from other sources. While assessing the exhibits, the Jury takes into consideration also the level of the exhibit presentation, completeness and level of the documentation attached. The Jury members themselves determine the manner of assessment and seriousness of individual pieces of available information about the exhibit registered.
3. The course of the Jury assessment is not public and it is not possible to make an appeal against the Assessing Jury's decisions. The competition organiser is not obliged to justify the Jury's decisions.

### Article 6. Announcements of the competition results

1. The results of the competition will be officially enunciated and the GRAND PRIX awards will be granted at the ceremonial Gala evening party on the 2<sup>nd</sup> day of the trade fair, i.e. on 18 September 2019.
2. The handover of honourable mentions will take place at the ceremonial Gala evening party on the 2<sup>nd</sup> day of the trade fair, i.e. on 18 September 2019 or on the 3<sup>rd</sup> day of the trade fair, i.e. on 19 September 2019 directly at the expositions of the companies winning the awards.

### Article 7. Final provisions

1. The organiser reserves the right to respond to technical or organisational circumstances which can lead to changes in deadlines or in the course of the competition. It guarantees timely information to all the participants registered.
2. The contact person for the organiser is
